

## RENEWABLE LUBRICANTS

High Performance Bio-Based Lubricants

### Line Card

Renewable Lubricants™, Inc. (RLI™) manufactures environmentally responsible lubricant products that are formulated from renewable agricultural plant and animal resources. Our full-line of proven biobased lubricants gives our customers enhanced vegetable lubricant performance from soy, corn, canola, sunflower and other bio-materials for BioPreferred purchasing. We have a decade longer experience in the industry than any other U.S. manufacturer of bio-lubricants.

Renewable Lubricants™ patented biobased technology transforms these oils into high performance green lubricants that can endure the harshest, hottest environments and the cruelest, coldest winters. Use of Renewable Lubricants™ biodegradable lubricant products eliminates the potential for hazardous leaks and spills while reducing our dependence on unfriendly oil.

### Market Segments

AGRICULTURE | CONCRETE | CONSTRUCTION  
DRILLING | ELEVATORS | FOOD PROCESSING  
FORESTRY | GOVERNMENT | LANDSCAPING  
METALWORK | MINING | MUNICIPALITIES  
OILFIELD SERVICES | PARKS | PORT & MARINE

250 Products!

### BIODEGRADABLE LUBRICANTS

Aerosols  
Air Tool Lubricants  
Asphalt Release Oils  
Automotive Engine Oils  
Automotive Transmission Fluids  
Chain and Bar Lubricants  
Chain and Cable Lubes  
Concrete Form Release Oils  
Cutting Fluids  
Drill Rod Greases  
Food Grade Lubricants  
Gear Oils  
Greases  
Heavy Duty Engine Oils  
Hydraulic Fluids  
Machine Oils  
Metal Working Fluids  
Military Spec Lubricants  
Multi-Purpose Lubricants  
Penetrating Lubricants  
Rock Drill Oils  
Specialty Products  
TO-4 Fluids  
Tractor-Hydraulic Fluids  
Wire Rope Lubricants

### FOOD GRADE LUBRICANTS

Aerosols  
Air Tool Lubricants  
All Purpose Greases  
Chain and Cable Lubes  
Cleaners  
Cutting Oils  
Gear Oils  
High-Temp Lubricant  
Hydraulic Fluids  
Penetrating Lubricant  
Refrigeration/Compressor Oil  
Synthetic Lubricants

**ISOGREEN™**  
CERTIFIED LUBRICANTS
